IRMA, ALBERTA, FRIDAY, JUNE 1, 1956

SUBSCRIPTION: \$1.50 PER YEAR IN ADVANCE

WITH THE District Agriculturist

By J. S. Duncan

Master Farm Family Award

The Alberta Department of Agriculture is once again carrying on with this program. Nominations of a farm family for this award must be made by three farmers in the community. The family must be Canadian citizens, the head of the family must be the owner or operator of the farm and must have spent at least 30 years in actual operation of a farm.

Nominations must be made on the proper form, accepted by the nominee and the completed form must be turned over to the District Agriculturist. Nominations forms and information sheets are available at this office. Nominations must be turned in before the end of June.

University Feeders Day

Saturday, June 2 is the date of the thirty-fifth Annual Feeders Day of the Animal Science Department of the University of Alberta. The program starts at 10 a.m. at the University Farm and lunch is provided on the grounds. This year there are six topics on swine, four on beef cattle, one on dairy cattle and one on lambs to be discussed, as well as a Veterinary question period. Any livestock man is well advised to attend this day if possible at all.

Assistance in Soil Conservation

The Dept. of Agriculture has policies which pay up to half the cost of forage seed for ten acres of land. These demonstrations as they are called are available to seed down gullies where water erosion is a problem or areas where wind erosion is causing trouble. There are also policies which provide help in pasture and hay improvement. For full information contact this office.

Tree Insects

Any time now there may be signs of the Spruce Sawfly, Spruce Spider Mites, Aphids or other insects attacking ornamental trees and windbreaks. Insecticides such as Malathion, Lindane, DDT, etc. are easy to apply and can prevent damage. Don't let insects damage your shelterbelt.

GETTING MARRIED—If so, be sure and see our complete line of Wedding Invitations at reasonable cost. New samples in the latest designs are now on hand. Enquire at The Viking News Office.

Purchases declared under the 1000 customs exemption privilege by Canadians returning from the U.S. in 1955 amounted to approximately \$60,000,000.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

Forasmuch then as the children are partakers of flesh and blood, He also Himself likewise took part of the same; that through death He might destroy him that had the power of death, that is, the devil;

And deliver them who through fear of death were all their lifetime subject to bondage.

For verily He took not on Him the nature of Angels; but He took on Him the seed of Abraham.

Wherefore in all things He became like unto His brethren, that He might be a merciful and faithful high priest in things pertaining to God, to make reconciliation for the sins of the people. For in that He Himself hath suffered being tempted, He is able to succour them that are tempted. Heb. 2: 14-18.

Glen-Coa Gleanings

We wish to express our sympathy to Mr. and Mrs. M. Orzechski at this time.

Mr. and Mrs. E. Hagen of Devon were other visitors here over the Victoria Day week-end at the home of Mr. and Mrs. Wm. Pedel.

The whole neighborhood staged a "bon voyage" surprise party on Mr. and Mrs. S. Nilsson on the eve of their departure for Norway, on Thursday, May 24. After seats had been duly found for everyone, a short program consisting mainly of a singing under the direction of Mrs. Raseok was enjoyed. Norwegian and English songs were sung alternately. A beautiful trio by Bunice, Lilly and Arlene was another enjoyable item. Mr. O. Raseok also spoke a few words and sang a special number in Norwegian. Then Mr. Carl Gulbraa called upon a few "notables" to say a few words. Mr. Nilsson expressed his thanks and said that his finer neighbors could not be found anywhere. Then Mrs. Nilsson told of her joy at being able to make a visit to Norway after 28 years. However, she said that Canada was their home and held a deep place in their affection, and that they would be glad to return at the close of their visit. A delightful lunch was served, and everyone wished the Nilssons a fine trip and a wonderful holiday in Norway with relatives and friends.

Mr. and Mrs. Nilson left on Sunday morning, May 27, by plane from Edmonton. They expect to reach Norway in about four days, with a stop-over one night in Toronto. Mr. and Mrs. Ralph Erickson and family, Mr. and Mrs. P. Nilson and of course Erling, drove to Edmonton on Sunday to see them off.

Pastor L. Knudson is driving a new 1956 Pontiac which he well deserves after driving his other car since 1942. Someone thoughtfully surprised him by having a radio installed as well.

The pupils and teachers of the Kinsella school attended the track meet in Viking last Wednesday.

Mr. and Mrs. Murray Walker, Miss Audrey Barker and Mr. John Ganie were recent visitors to Calgary and Banff.

Mr. and Mrs. W. D. Johnston and Wynne have returned from a trip to B.C.

Sunday visitors at Mr. and Mrs. Clarence Horneke were Mr. and Mrs. Art Gay and Donna of Wetaskiwin and Mr. and Mrs. Erik Nordstrom and family of Sedgewick.

Mr. and Mrs. D. Jackson of Ponoka are at present visiting at the home of Mrs. Jackson's brother and sister-in-law, Mr. and Mrs. A. Barker.

The Kinsella O.R.P. held their monthly meeting last Tuesday night, May 22. The election of officers for the coming year took place and were as follows: P.H.R. Lady M. Lancaster; H.R. Lady G. Murray; Assoc. Lady E. McGregor; Loyal Lady, L. Bridgman; Lecturing Lady, P. McBride; Secretary, M. Rawluk; Treasurer, B. Armitage; Chaplain, M. Gillespie; Historian, I. Mollier; Conductress, F. Brown; Inner Guard, B. Davis; Outer Guard, M. Smith.

Trustees, Lady B. Wilkinson; Lady M. Bridgman, Lady A. Harding.

A very good representation of OORP ladies attended the District Meeting held at Hardisty on Saturday the 26th and enjoyed hearing speeches by the Supreme H.R.L. Hight, the Prov. Supreme Deputy H. R. L. McCullough of Edmonton and District Deputy Supreme H. R. L. Scott of Hardisty lodge and the various H.R. ladies of the other lodges. A very enjoyable day came to an end with a banquet in the evening.

The Kinsella OORP ladies were very pleased to be the winners of the "Traveling Gavel" and also to win the third prize with their History Book.

To Kinsella United Church Memorial Fund in memory of the late Mr. C. Arkinistall from Mrs. C. Arkinistall and family.

A record number of people from other countries visited Canada in 1955—the total number of visits being 28,300,000.

Feb. 2, 14-18.

HOME AND SCHOOL ASSOCIATION

The Irma Home and School met on May 23. Considerable business was dealt with in the business meeting.

The Home and School Association went on record in recommending that parents make use of the Extension Library Service to get reading material for children during the summer months. So if you have a boy or girl who likes reading write the Extension Library, Edmonton.

Remember the HSA have a candidate for Queen of the Hardisty Stampede. Miss Irene Archibald is the candidate. Tickets are on sale by members of the Association. Get behind your candidate and also help the HSA. The ladies of the Association are in charge of the booth at the Games Meet on June 1 and will welcome donations of food.

A Nominating Committee was set up to bring in a new slate of officers and the new officers will be installed at the next meeting on June 11.

After the business meeting, Mrs. W. Symington who was the official delegate to the recent HSA convention at Edmonton, gave a splendid report. Mrs. Kirkman, who also attended, gave a report on the discussion group she attended. Both felt the convention was a great source of inspiration and information and intend to put into practice some of the things which were suggested by the conference.

The meeting was brought to a close and all the members were urged to be at the first meeting of the term on June 11.

Kinsella News

Messrs. G. Paterson, A. Barker and A. Leades went on the Northwestern Trailers tour last Monday. They concluded the day in Edmonton where they were entertained to dinner, their hosts being NWU Ltd.

The pupils and teachers of the Kinsella school attended the track meet in Viking last Wednesday.

Mr. and Mrs. Murray Walker, Miss Audrey Barker and Mr. John Ganie were recent visitors to Calgary and Banff.

Mr. and Mrs. W. D. Johnston and Wynne have returned from a trip to B.C.

Sunday visitors at Mr. and Mrs. Clarence Horneke were Mr. and Mrs. Art Gay and Donna of Wetaskiwin and Mr. and Mrs. Erik Nordstrom and family of Sedgewick.

Mr. and Mrs. D. Jackson of Ponoka are at present visiting at the home of Mrs. Jackson's brother and sister-in-law, Mr. and Mrs. A. Barker.

The Kinsella O.R.P. held their monthly meeting last Tuesday night, May 22. The election of officers for the coming year took place and were as follows: P.H.R. Lady M. Lancaster; H.R. Lady G. Fire Destroys Farm Residence

Fire destroyed the farm home of Mr. Abbie Winfield, 20 miles northwest of Viking on Thursday, May 24. The fire was discovered by Mr. Winfield at 4 p.m. who was working in the field when he went to the house for a drink of water. He found the house filled with smoke that burst into flames when the door was opened.

The Viking fire brigade responded to a call for help and upon arrival found the seven-room frame building ablaze. Mrs. Winfield and three small sons were away from the house while the other four children were attending school at Minburn. Mr. Vance Shipley who was passing in a truck, assisted Mr. Winfield in getting a few pieces of furniture out of the house and the weekly washing from the clothes line. Only a few other items were saved from the building before it burned to the ground in spite of efforts to save it.

A strong wind from the north kept the flames away from adjacent buildings and a 500 gallon gas tank. No one was injured. The seven Winfield children range in age from 2 to 14 years and are being cared for by neighbors temporarily.

CHURCH SERVICES

THE ALLIANCE CHURCH
10:30 a.m. Sunday School.
11:30 a.m. Morning Worship.
6:30 p.m. Hear Rev. Waite at the Servicemen's Centre, Wainwright, Monday through Friday 8 p.m.

Pastor L. D. Sheardown.

UNITED CHURCH
Sunday, June 3
Paschendale Worship Service and Sunday School at 10 a.m.
Irma Sunday School 10:30 a.m.
Worship Service 11:30 a.m.
Study Group 8:15 p.m.
Everyone welcome.
H. W. Inglis, Minister.

Watch this paper for further draws.

Jarrow News

The Jarrow W.A. will meet at the home of Mrs. H. G. Smith on Wednesday, June 6 at 2:30 p.m. Please note change of date. Hostesses, Mrs. S. Bridgman and Mrs. Gordon Meakins. Everyone welcome.

Carolyn Swingen had the misfortune to break her left arm recently when she fell off her pet cow which she was riding around the yard.

Mrs. W. Orzechski, Margaret and Mrs. G. Theroux attended the amateur program at the Wainwright high school Friday night. Some of the acts were outstanding and the whole program of thirty items was thoroughly enjoyed.

The heartfelt sympathy of the entire district goes out to Mrs. M. Orzechski on the death of her mother, Mrs. M. Chase at the Wainwright hospital May 26.

Little Maridel Helm is a patient at the Viking hospital. The Sunday School is off to a good start with 25 out on Sunday and more to come. The Junior choir is busy but more of that later.

Industrial employment, payrolls and average weekly salaries and wages at January 1, 1956 were at a new high for the Jan. 1 date in Canada. Weekly wages, for example averaged \$60.61 against \$54.49 the year previous.

Echo-Rodino

Mrs. M. Goeffie and Mr. and Mrs. A. Goffie of the city spent the week-end with the Martins. Miss Connie Vandervaele spent the holiday week-end with her friend Nola Lehn. While away she attended the Graduation Exercises in Mannville.

Mr. Henry Beckett arrived home for the week-end enroute to Lloydminster.

Congratulations to Reggie Vandervaele for winning second prize at the "Search For Talent" in Viking. "Bless This House" was beautifully sung.

Vance Shipley is sporting a new truck, to live up to his business.

The softball fans gathered at the grounds Sunday to limber up a few rusty joints. The first game of the season will be June 3.

Mrs. A. Winfield, Mrs. H. Vandervaele and H. Beckett motored to the city to attend the Ordination of Mr. Thomas Raymond.

Messrs. O. and R. Hollar have been to Bruce and Edmonton recently.

Mr. and Mrs. T. W. Daniel of Kelowna, B.C., are visiting with their families at Rodino and Viking.

Former Rodino Boy Is Ordained

At 10:30 a.m., Tuesday, May 22, Ordination Services were celebrated in Holy Trinity Anglican church in Edmonton. Among the appointments was Thomas Raymond, age 25, youngest son of Mr. and Mrs. Hugh Raymond of the city, who was ordained to the ministerial as Deacon.

Tommy (as he is known to the people here) was born on the farm near Rodino school, spent his adolescent years at Rodino and then moved with his parents to Edmonton. The small amount of religion he acquired in early life was revived in the tiny parish of Rodino, but it set deeply in his soul for a bright future in the clergy.

Attending the ritual were his father and mother, two sisters and two of his brothers. His godparents, Mr. and Mrs. Tom Daniel of Kelowna, B.C., arrived for the evening Open House. Following the morning services, a banquet was held in the church hall where many friends and relatives joined to partake of the joyous occasion.

Until an appointment has been made by the Bishop, Tommy will assist at All Saints Cathedral in the city.

Farm Bee Held For A. Winfield

Friends and neighbors turned out in numbers with tractors and equipment to put in the crop for Abbie Winfield who was delayed recently by fire. Thirty-five men gave assistance on the land and with the well and pump. The garden was also planted by a few of the folks. Mr. Harry Johnston was in charge of the well evening Open House.

At noon, Mrs. Philip Johnston provided her home for dinner for the workers, assisted by many of the ladies. This was equally well arranged. Lunch was taken to the fields in late afternoon. The day was perfect for the occasion after a light rain the evening before to settle the dust.

Canada's agricultural implements industry shipped \$119,000,000 worth of products in 1954, a drop of 30 per cent from 1953.

Stocks of meat in cold storage at March 1, 1956, in Canada, amounted to 66,200,000 pounds.

Southern Sayings

Mr. George Foreman was an Edmonton visitor last Sunday where he paid a surprise visit to his brother Dave.

Mrs. Cairns, Charles, Gordon, Lillian and Danny spent last week-end visiting with Alex at Tees.

Mr. and Mrs. W. Boyd of Kinsella were visitors at the home of Mr. and Mrs. Ted Hill last Sunday to celebrate Diane Hill's birthday. Mr. and Mrs. Buster Reed, Lewis and Lyle were also guests at the birthday party.

The sympathy of this district is extended to Mrs. M. Orzechski and family in their recent bereavement.

The taking of the pets of wild fur-bearing animals in Canada in the 1954-55 season was worth \$17,423.73.

NOTICE

To Calgary Power Customers in Jarrow, Kinsella, Irma, Roseberry, Gratton and Jarrow R.E.A.'s — Power will be off from 6 to 8 a.m. on Sunday, June 3rd to make necessary line repairs. Thanks.

Calgary Power Ltd.

Marked swing away from wheat

A marked swing away from wheat is indicated for this year unless Manitoba farmers have the warm, drying weather they urgently need in order to begin seeding, according to a report on agricultural conditions made by the Manitoba department of Agriculture.

Except for a few points in the southwest, there has been an excess of surface moisture. Sub-soil moisture appears to be ample in most areas.

Flooding has been confined to the Red River Valley and to land bordering the Assiniboine River. No soil-dripping has been reported.

The district around Melita leads in the acreage planted so far. About half the wheat is in the ground and a start has been made with oats and barley.

While planting is underway in the Killarney-Holmesville section of the province, a start has been made only at a few scattered points in the Red River Valley and Winnipeg district. Morden leads with a reported 5 percent of wheat planted.

It is noted in the report that rye, alfalfa and hay crops planted in the fall seem to have wintered well.

Other farmers planting sugar beets this year are well equipped to handle the crop. It is estimated that given a few warm, drying days, 50 percent of the seed could be in the ground a week after planting begins.

Feed shortage
Livestock breeders ran short of feed during the long winter and animals in many districts are reported to have survived the winter in just fair condition. Losses in young pigs and lambs have been average.

The same shortage of feed developing over the last two months has contributed to a decrease in butter production. This is not expected to pick up until pastures improve.

Poultry farming is reported to be flourishing. Egg receipts during the period from January through March were three percent higher and meat marketings 32 percent higher than for the same period last year.

There was an increase in the number of chicks hatched and mortality was relatively low. The report indicates that there is a significant increase in the number of chicks going into the broiler trade.

Bees are doing reasonably well in spite of cool weather. Although Queen losses have been slightly above normal, it is expected that the number of colonies of bees will remain about the same as last year.

HAPPY AT HER WORK

"From 7 to 8," Mrs. Vanderbrink instructed the new maid, who arrived at the Vanderbrinks' to help at a big dance, "you are to stand at the ballroom entrance and call the guests' names as they arrive."

"What jolly fun that will be!" enthused the maid. "I know, a couple of beauties!"

PUZZLE: What's the man doing inside the machine? At one time, any American schoolboy could have answered the question. He's a steam locomotive inspector, making a periodic check-up of the firebox of a King Arthur class engine in London, England. As the diesel pushes the locomotive down the track to memory, this sight will eventually vanish from the transportation scene entirely.

The Pattern Shop

FOR SUN AND FUN

These separates just right for your wardrobe

4820 12-20 by Anne Adams

These separates are wonderful for a busy girl's wardrobe—they mix-match beautifully, eliminate weekend packing worries! Blouse with its graceful yokes, slim shorts, favorite 8-gore side button skirt—easy to sew, a joy to wear!

Pattern 4820: Misses' Sizes 12, 14, 16, 18, 20. Size 16 blouse and shorts take 3 1/2 yards 35-inch fabric; skirt takes 3 1/2 yards.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions. Send thirty-five cents (35c) in coins (stamps cannot be accepted) for this pattern. Write plainly: Name, Address and Style Number and send orders to:

Anne Adams Pattern Dept., Department P.P.L., 60 Front Street W., Toronto.

Be sure to write plainly your Name, Address and Pattern Number.

Quick acting Canadian soldier saves life of three-year-old boy

SOEST, West Germany. — A quick-thinking Canadian soldier who says he's trained to act in emergencies has been credited with saving the life of a three-year-old German boy who fell into a creek near the headquarters of the 2nd Canadian Infantry Brigade Group here.

It's the second time in the 11 years he has been in the Army that Craftsman David Gauvin, 28, of Cabano, Que., has used his training to save a life.

A member of the 40th Infantry Workshop, Royal Canadian Electrical and Mechanical Engineers, Gauvin was eating lunch in the village of Lohne, near Soest, recently when a terrified girl raced into the restaurant screaming that her young playmate had tumbled into a stream across the road.

Gauvin ran to the stream, fished out the unconscious youngster whose name was Reimund Jettel, and applied artificial respiration. He was able to bring the lad around after 15 minutes.

A German doctor who examined the child at his home later said that without Gauvin's expert assistance the youngster could not have survived.

A former member of Le Royal

GEMS OF THOUGHT

BENEFITS
Benefits are only acceptable so far as they can be required; beyond that point, instead of gratitude they excite hatred.—Tacitus.

The ethics which guide thought spiritually must benefit every one.—Mary Baker Eddy.

He who receives a benefit with gratitude, repays the first instalment on his debt.—Seneca.

One family builds a wall, and two families get the benefit.—William Scarborough.

Write injuries in dirt, benefits in marble.—Franklin.

The man is dishonest who knows how to accept a favor but does not know how to return it.—Plautus.

Fashions

Half-size style

7370 SIZES 14 1/2-24 1/2 by Alice Brooks

Sundress or jumper—8-0-0 flattering to the shorter, fuller figure! Iron-on flowers for gay trim!

Pattern 7370: Half Sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. Tissue pattern, washable iron-on transfers in combination of yellow, orange and green. State size.

To obtain this pattern send twenty-five cents in coins (stamps cannot be accepted) to:

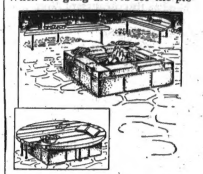

Household Arts Department, Department P.P.L., 60 Front Street W., Toronto.

Two FREE patterns—printed in the new Alice Brooks Needlecraft book for 1954! Stunning designs for yourself, for your home—just for you, our readers! Dozens of other designs: to order—all easy, fascinating hand-work! Send 25 cents for your copy of this wonderful book right away!

OUTDOOR COOKING

Practical barbecue pit with half-moon seat tables

This practical barbecue pit is quick an easy to make from stock sizes of concrete blocks. In outdoor areas where there is no cooking going on the two patio tables on rollers cover the fire pit to complete this useful combination. When the gang arrives for the picnic the round table becomes two half-moon seats to be wheeled around wherever needed. The table legs are made from pipe and fittings available from plumbing shops. Illustrated directions for making the tables and this all-season barbecue are pattern 486 which will be mailed for 35c.

Address order to:

Home Workshop Patterns, Department P.P.L., 4435 West 5th Avenue, Vancouver, B.C.

'Happy worker' may not be best producer

A "happy worker," says a Bowling Green, Ohio, State University psychologist, may not turn out as much work as one who complains a great deal.

After a survey of 120 workers in Toledo, Ohio, Dr. Robert M. Gion says that happiness is not the same thing as job satisfaction or high morale. A worker who complains about the way management is doing things may be one of the best producers because he is thoroughly concerned about his company.

Job satisfaction is an entirely different thing, however, Gion says. Job status—how the worker and his community look upon his work—is the most important factor, he believes. Other factors are pay, supervision, kinds of skill used and feelings of belonging to a congenial group, he adds.

Job satisfaction is an entirely different thing, however, Gion says. Job status—how the worker and his community look upon his work—is the most important factor, he believes. Other factors are pay, supervision, kinds of skill used and feelings of belonging to a congenial group, he adds.

LISTEN TO THE STARS—That's what Harvard's astronomers plan to do with this 60-foot diameter radio-telescope, at Agassiz Station, Mass. Largest in the United States, the "ear" is designed to pick up electrical impulses from stars as far as one hundred million light years into space. (A light year is equivalent to the distance travelled by a beam of light in one year at the rate of 186,000 miles per second.)

The hop, step and jump

(By G. L. A. DAVERNE, President Sask. Branch A.A.U. of C.)

Probably there has been less authentic information written about this event than almost any other; particularly is this true in the United States where this event seems to be taken seriously only in Olympic years. So it is practically impossible to find really good advice on this excellent and difficult feat.

In Saskatchewan you see the hop, step and jump done at every school meet. We find plenty of boys of 14 who can make about 35 feet but by the time they are 18 few of them can go farther than 38 or 39 feet. Perhaps lack of practice is an important reason for this, and practice is extremely hard work, but I believe that a wrong conception of the way to perform the hop, step and jump is behind it all.

If you can get hold of a film showing this event or a film loop about it you can notice several things about how it is done. First it is rhythmic. You can count "one—and-two—and-three as it is done. If you notice a good girl athlete in this event she usually has the rhythm perfectly. Boys on the other hand as often do it jerkily "one—and-two—three." In the film you will see the athlete going through the event almost exactly erect. His head is up, his chest

Much shelterbelt planned for this year

More than three and a half million trees will be planted in belts on Manitoba this year, states J. E. B. Campbell, Agronomist with the Soils and Crops branch of the Manitoba Department of Agriculture.

Willow, ash, osageana, elm and Manitoba maple trees brought in from the Indian Head Nursery Station will plant 422 miles of field shelterbelt this year.

This is about 75 more miles, Mr. Campbell pointed out, than were done last year, and almost four times the number planted in the first year of the project—1954.

Mr. Campbell said that about half the trees will be planted in the Morden and Carman districts. Other areas receiving a prominent share are Melita, Morris, Pilot Mound, Carberry and Arborg.

Up to this time, Mr. Campbell said, 622 Manitoba farms have been involved in the shelterbelt program set up as a soil conservation measure to prevent wind erosion.

The so-called "hurricane deck" of a ship is actually the upper deck of the vessel.

EAT ANYTHING WITH FALSE TEETH

If you have trouble with false teeth, this excellent new product will help you. It's called "EAT ANYTHING" and it's the only product that will help you eat anything you want to eat. It's the only product that will help you eat anything you want to eat. It's the only product that will help you eat anything you want to eat.

OUR COMPLETE SHORT STORY—

MITZI

—By LILLIAN M. MITCHELL

WHAT was the flashlight, Marna?" asked Jim Painter, his voice scarcely above a whisper. Marna moved restlessly in her seat. "Oh—I don't know. Maybe someone taking a moonlight stroll."

"Moonlight stroll," repeated Jim. "There's no moon tonight. I'm going to get going, Marna. It's rather chilly anyhow."

Marna opened her lips and then closed them again firmly. She said nothing while the car sped along the highway and into the gates of Hillcrest. Jim looked back at her carefully and followed her up the broad steps.

"There's a fire in the music room, Jim," Marna said. "Let's go in there."

She flung her hat and gloves on the photograph in the corner, fumbled an instant at the stand beside it and then dropped into the davenport standing before the leaping flames.

"You weren't a bit afraid, back there in the woods, were you?" Jim asked, his voice jerky with emotion.

"Oh," she evaded, "it was kind of eerie, seeing that light moving along, bodiless as you might say—"

He shook his head. His tones were heavy now. "I don't know what's the matter with me, Marna. Scared of everything, that's me. But I figured that four or five fellows might sink at us out of that blackness, snatch you and be off. I might fight one or two and make a good job of it but a bunch of fellows—I guess I'm just a plain coward. But wealthy girls are kidnapped," he continued defensively.

She laughed lightly. "They can hardly kidnap a grown person. Maybe you feel that way because you're imaginative. I'm not, you see. It's no virtue of mine that I'm unafraid of things, Jimmie."

Jimmie stood up. "I think I'll go to the coast, Marna. They've offered me the manager's post there at the branch office. There's no use beating about the bush with you," he went on harshly, as she rose and put her hand on his arm.

"You know well enough how I feel about things. But marriage is out of the question with everything topsy-turvy. If you weren't so doggedly wealthy in your own right, it might be different. But no, I'm only making three hundred a month and you couldn't live like this on three hundred. And the man ought to be the big, strong he-man and the girl ought to be the timid . . . what in heaven's name is the matter? He broke off.

Her scream had suddenly pierced the air. Her slim fingers covered her lips to stop the sound but nothing covered those horror-

stricken eyes. Jimmie grabbed Marna. "What is it?" he demanded.

Her eyes dropped to the floor for a moment before the lids squeezed themselves tightly shut as if to close out some sight too horrible to be named. She moaned and fell back into the davenport. Jimmie leaned over and shook her. "Marna!" he shouted. "What is it?"

For answer she nestled into his arms and then with a sudden stifling shriek again.

"There—it's in the c-c-c-c-c-c-c-c-c-c," she wept, sobbing shaking her slender body.

Jimmie looked into the corner and patted her reassuringly. "There's no one in the room except you and me. Look. There's nothing there—!" he broke off. "Well, I'll be damned! You don't mean that poor little mouse, do you?"

The mouse scampered across the thick Sarouk.

"Y-y-y-y-y-y-y-y-y-y," she whispered, frightened.

For answer he laughed loudly, leaning closer to her scented hair, petting her gently. "A mouse won't hurt you, Honey-girl. It's probably just hunting the hole. They make a hole to come in and out. Maybe if I open the hall door it'll run out that way—"

"No, no, no," she yelled. "Don't leave me. I'm afraid, Jimmie."

"Well, I will be!" exclaimed Jimmie. "Here I thought all the time you were so fearless, unafraid of anything and everything and then when a little mouse crosses the room—say, Marna."

"Mm?"

"What an swell ring in a window today. What do you say we look at it tomorrow?"

Jimmie's car was at the gates now. The tall lights flashed through the opening and Marna turned as the door of the room opened.

"I want my quarter, Marna."

"All right, Buddy."

"And I want my Mitzi, too. You've had her five days now."

"I'm paying you a nickel a day to rent her," said Marna. "What are you yelling about?"

The boy reached for Marna's backless hand. "You went and kidnapped my white mouse, you did! Look at her fur! Look at it!"

"Stop that yelling," she ordered. "I just put on a little mascara to darken her. It'll wash off."

"You'll pay me a dime extra for that or I'll tell Jim, I will," he threatened.

"Oh, all right," she laughed. "You chiseler! You only paid forty cents for Mitzi at the start. I'll buy her from you—"

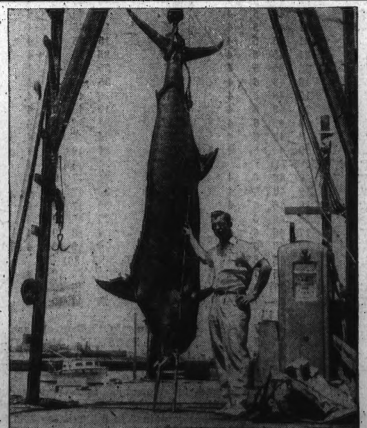

She stroked the mouse and held it up near her eyes. "Nice little Mitzi," she murmured.

But with a wild grab, Marna's brother snatched his property. "Thirty-five cents—now!" he insisted.

And Marna, mounting the wide stairs to her room a few moments later, paused to look at her fourth finger which tomorrow would have a ring on it. Then she laughed softly.

ALL TENSED UP?

High blood pressure or hypertension is usually blamed on the tensions of modern ways of living. Any symptoms of this disease should have medical attention since if neglected it may result in damage to heart or kidneys.

A LINE SNAPPER—Allen Sherman, 28, of Brooklyn, N.Y., poses a record-breaking catch of blue marlin at dockside in San Juan, Puerto Rico. The weight, 756 pounds, must be confirmed by the International Game Fish Commission before it's official. Largest catch of blue marlin recorded previously was a 742-pounder, caught off Bimini in the Bahamas, in 1949. 3196

FREED FROM RED PRISON CAMPS—Mrs. Asta Krause, left, is embraced by her sister, Gerda Petersen on arrival in Copenhagen, Denmark, after 10 years in Russian prison camps. Arrested with her husband, a Lithuanian, when the Russians took over the Baltic country, Mrs. Krause was released following a request by the Danish premier. Her husband died in Siberia.

November 10-15 selected as 25th National 4-H Club Week

November 10 to 15, 1956, have been selected as the dates of the 25th National 4-H Club Week. This national 4-H occasion is provided each year by the Canadian Council on 4-H clubs and is scheduled to coincide with the Royal Agricultural Winter Fair, Toronto.

A number of important program changes will be introduced this year. One is that the recommendation of the annual meeting to delete 4-H judging contests from the program of National 4-H Club Week was accepted at a meeting of the executive committee on May 4, and will become effective in 1956. Secondly, for the first time the program will commence on a Saturday, which will assure seeing a professional hockey game at Maple Leaf Gardens and will result in the bus trip to Niagara Falls on Sunday afternoon to observe the Falls both in daylight and under illumination.

In developing the program for this year's National 4-H Week the theme, "4-H and Our National Heritage" was chosen. The entire program will center around this theme. For example, one of the important features will be meetings to discuss subjects affecting Canadians as citizens, with topics such as our expanding economy and population, Canada's role in world affairs, United Nations, etc. To accomplish this, the highest ranking and best qualified men and women from government and industry will be invited to participate in the program.

National 4-H Club Week is recognized as one of Canada's outstanding annual youth events. Bringing together 4-H does 4-H proficiency winners from each of the 10 provinces, National 4-H Week is providing a rewarding experience to all who attend and helping to build vision, understanding and closer relationships among the young people of rural Canada. New regulations . . .

The Ottawa Winter Fair Association has adopted a new regulation whereby each 4-H member must have achieved 70 percent in his year's work before becoming eligible to exhibit a calf at the fair. This recommendation was submitted by the Junior Committee of the Association, comprising county agricultural representatives and assistants from eastern Ontario.

Previously, club members exhibiting the four top ranking calves at the various local achievement days were awarded the trip to the 4-H championship show at the Ottawa Winter Fair. Commencing this year, however, standings in all phases of the 4-H program will be taken into account in selecting the trip winners. These include, care of the project, attendance at meetings, records kept, judging scores, showmanship and placing of calf at the achievement day.

This change in the 4-H section of the Ottawa Winter Fair is indicative of today's trends in club work to recognize all-around achievement. In addition, it represents progress in reaching one of the basic objectives of the 4-H club movement, providing a well balanced training in citizenship and the personal development of the young people taking part.

SILVER, COPPER CARE
Silver, brass, copper and chrome will stay sparkling longer when waxed. Corrosion and tarnish will be greatly retarded.

Service—with a smile

(By BESSIE M. BARKER, C.N.I.B.)

Cheerful words of welcome and a warm hand-clasp with a smile imprinted in both . . . constitute the greeting to pupils of Miss Lucille Savole in her sunny classroom at the Canadian National Institute for the Blind Service Centre and Residence at 2530 Broad Street, Regina, or in their own homes . . . for the pupils are the adult blind, and Miss Savole is the Home Teacher for the C.N.I.B. in Southern Saskatchewan.

Miss Savole, a native of Norwood, Manitoba, was just stepping over the threshold of a teaching career when eye trouble struck unexpectedly, reducing her vision to less than seven percent of normal, and precluding continuance in her chosen field.

Shortly afterward Miss Savole, seeking to orient herself in a new and unfamiliar world, came to Regina, to visit her aunt, Sister Bohemier, at the Grey Nuns' Hospital. While there she found employment within the limits of her remaining sight, and carried out her duties with courage and good cheer. Few if any of the hundreds who daily rode up and down on one of the main elevators realized the frustrated dreams and hopes that rode with them, with their smiling elevator operator.

But news travels . . . and phones ring . . . and there came a day when Lucille stepped off the elevator at the close of her shift to begin new studies, in Braille, with a Home Teacher from the C.N.I.B. New hope was born, and three months later she asked if she her-

WEEKLY BIBLE COMMENT

TRUE CHRISTIAN IS MORE THAN A CHURCHGOER

Paul was brought up as Pharisee in the strict letter of the law. The Pharisees were the party of strict observance. We must not imagine that Jesus thought ill of them or criticized them lightly.

It was precisely because the Pharisees were so devout and earnest that Jesus used them often for illustration, to show that a man might observe all the outward proprieties of religion and yet lack its inward reality and grace.

If we substitute "church member" for "Pharisee" we might obtain clearer insight into what Jesus meant. Mere membership in a church does not make any man what he ought to be. Some who have been punctilious in all outward observances have often been lacking in the elemental Christian virtues.

If we think of a man going up to the throne of God and claiming salvation because of what he was or what he had done, we can then, by contrast, understand what is meant by salvation by faith, which comes to us through the grace of God.

Would a man not wish to be to God Pleading his sins and shortcomings in penitence and humility, trusting in the love and grace of God?

This is faith, and it is the ultimate ground of a man's salvation after he has done all in his power to make his conduct in harmony with his profession.

Bathroom scale not accurate weight gauge

The bathroom scale could be on its way out as an accurate measure of whether or not you're overweight.

That's because it isn't how much weight you carry around, but how much of that weight is "subcutaneous fat," says an Antioch College professor. Dr. Stanley M. Garn has been studying 100 Antioch students, under a U.S. Air Force grant.

He measures body fat with his own X-ray method. His studies have produced interesting side-lights, including the fact that several professional football players were rejected for World War II Army service because they were "overweight," when it was actually lean and not fatty tissue that added the pounds.

No other body tissue varies to such an extent as fatty tissue, he says.

Thirteen percent of the U.S. iron ore is produced by the Lake Superior iron ore belt.

Local News

Miss Joan Nissen is back from Calgary and holidaying here at the home of her parents, Mr. and Mrs. H. C. Nissen.

Mr. and Mrs. Hughie Millar and family of Edmonton visited at the Art Gwin home on the long weekend.

In the obituary of the late Mr. Elmer Jones the names of Mr. and Mrs. Neil McMillan and Mr. and Mrs. M. McMillan should have been listed with those who donated to the United Church.

The CGIT will hold a Graduation Service in the United Church on June 5 at 7:45 p.m. This will be the first graduation service ever held in Irma and is a real highlight. Everyone is cordially invited to attend.

Mrs. T. Mackey of New Westminster has been visiting at the home of her sister Mrs. P. E. Jones.

Mrs. Harvey Patterson, a former Irma resident, passed away in Westlock Wednesday, May 16. Relatives from Irma attending the funeral were Mrs. J. C. McLean, Mrs. R. Kirkman, Mr. and Mrs. Ivan Hardy, Mrs. R. Patterson, Mr. and Mrs. Wm. Patterson and family.

Mr. and Mrs. H. Norris and Mr. and Mrs. Wm. Wynd of Kerrobert, Sask., were recent visitors at the V. Hutchinson home.

Mr. E. E. Sharkey of Edmonton is renewing old acquaintances at Irma.

Miss Winifred Davis, United Church minister at Vauhall, Alta., spent last week-end at Irma at the home of her sister, Mrs. H. W. Inglis.

Miss Marjorie Matthews is a patient in Viking hospital.

Mr. J. Masson of Vancouver is visiting here at the home of his brother Mr. Wm. Masson.

Mrs. Curfman of Edmonton and Mr. L. Hoehnehouse from U.S. have been visiting here at the home of their sister, Mrs. Renwick.

Notice to folk of Albert and other districts north of town. Mrs. Black, the W.I. convener, will be at the Albert school at 2 o'clock on the afternoon of June 9 to organize a W.I. girls' club. Mothers with daughters 10 years or older please contact Mrs. A. C. Archibald or Mrs. Edgar Jones for further particulars.

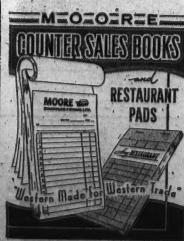

Mrs. Mildred Chase, well known and respected resident of this district passed away in the Wainwright hospital May 26 following a long and trying illness. The sympathy of all at Irma is extended to her daughter Mrs. M. Orcheski and other relatives. Full obituary next week.

Irma W.I. will meet on June 7 at the home of Mrs. R. Kirkman. Hostesses, Mrs. M. Fahner, Mrs. D. H. Gunn, Raffle, Mrs. Hubman, Program, Mrs. Gunn. United Nations Topic—Mrs. A. Glasgow. Roll call—name your favorite flower. All members please remember a cash donation will be taken instead of putting on a home cooking sale this month.

Mr. and Mrs. A. C. Charter have returned home after a holiday in Ontario at the home of Mr. and Mrs. A. P. Charter.

The Evening Group of the W.A. will hold a Bake Sale at the Irma Co-op on Saturday, June 2 from 3 to 5 p.m.

If you have anything to sell or trade, try a Times Want Ad. It will bring results.

Alberta's Natural Gas Industry: THE REGULATING STATION

Measures up to your needs!

As temperatures change, so do the amounts of natural gas required by households, industrial plants, too, use varying quantities of gas during the day. Therefore each community has its own "Gas Load Requirements". Measuring and controlling quantities and pressure at all points on the company's 1,600 miles of pipeline is the job of the "Regulating Stations". The instruments at these stations are electrically connected to a Control Center. By watching them the gas dispatcher knows that natural gas is being delivered in the right amount — at the right pressure — for each consumer's needs.

With GAS you get service --we plan it that way!
